## *Restaurant & Terrace* EL CORSARIO

Set within a 10th-century building overlooking the spectacular Ibiza harbor, the restaurant fuses local culinary tradition with contemporary techniques.

The interior design, signed by Lázaro Rosa-Violán, immerses diners in a sophisticated nautical atmosphere, evoking the spirit of corsairs, artists, and travelers who once crossed these seas.

**A legendary setting steeped in history and character, where Corsario Restaurant & Terrace offers a truly unique gastronomic experience on the island.**
